

编辑模式添加快捷键

修改文件./inc/toolbar.php, 在适当位置添加以下部分代码。

```
        array(
            'type'    => 'format',
            'title'   => $lang['qb_code'],
            'icon'    => 'mono.png',
            'key'     => 'm',
            'open'    => "",
            'close'   => "",
            'block'   => false
        ),
## 以下为添加代码
        array(
            'type'    => 'format',
            'title'   => $lang['qb_code'],
            'icon'    => 'code.png',
            'key'     => 'c',
            'open'    => "<code>\n",
            'close'   => "\n</code>",
            'block'   => false
        ),
```
